

Charging lines 1/4" SAE

REFCO-hoses are supplied with teflon gaskets. The lifetime of teflon-gasket compared to ordinary rubber is at least 10 times longer. The barb of the hose, as well as the teflongasket have been equipped with a new invented quick-snapper system to prevent falling out of the hose.

High quality lines suitable for all refrigerants, working pressure 60 bar / 870 psi

Set of 3 pieces
